Student Destinations

Post-school destination information

The results of the 2016 post-school destinations survey, *Next Step – Student Destination Report* (2016 Year 12 cohort), will be uploaded to the school's website in September 2017.

Early leavers' information

The majority of students leaving school prior to the completion of Year 12 usually transition to full time work. Some, however, attend training at TAFE or participate in a number of non-traditional learning programs such as *Its Up to You* and courses provided by the Eagleby Learning Centre.

In 2016, Beaudesert State High School continued to offer a specialised program, "*iSchool*", successfully working with at-risk young people in Years 7, 8 and 9 and keeping them from disengaging from school.

Conclusion

Beaudesert State High School is a community where character virtues are fostered with the aim of developing positive learning relationships. Students are actively encouraged and supported to achieve their *personal best* in all aspects of school life. We successfully provide high quality learning programs that cater for the needs, abilities and interests of all students.
